Nationality	Hungarian
Location	Rotterdam, NL
Date of Birth	3rd October 1986

EXPERIENCE

Lecturer at Rotterdam University of Applied Sciences
Teaching interaction design Sep 2014 – current

Coaching design projects in design facilitation, interface and user experience design, teaching an elective *Smart objects on prototyping electronics with Arduino*.

Researcher at Creating 010 (Rotterdam University of Applied Sciences)
Urban interaction design / human-centered ICT Sep 2014 – current

Researching in urban interaction design projects, involving open data and citizen participation.

Design and UX at TrainedOn
Educational startup, pre-seed stage May 2012 – Dec 2014

Iterative interaction design and user research in a lean startup environment. I was responsible for user experience design strategy and execution, following a very lean, 'just enough' design and development workflow.

Trainer at TU Delft Graduate School
PhD Start-up course Feb - Sept 2013

Training PhD candidates on basic soft skills (e.g. presentation skills, personal development and self-reflection).

Design Intern at The Interactive Institute
Video prototyping and service design June 2012

Design research and video prototyping for the "Language as Participation" project.

EXTRA-CURRICULAR

BEST – Board of European Students of Technology
BEST is a voluntary student NGO, which provides complementary education for engineering students. I assumed various responsibilities from local to international management level, while simultaneously gaining competences in leadership, strategical management, project management and the facilitation of live and online work.

Senior Interaction Designer at BEST Apr 2010 – alumni
Design and development of intranet web applications. Worked on information architecture, user research, UI prototyping, user testing and front-end development.

Trainer / Facilitator at BEST Feb 2008 – alumni
Soft skills and interaction design training and workshop facilitation, with over 300 hours experience during stand-alone training and training courses.

Main organiser of two-week physical computing event at BEST Aug 2007
Project leadership of a workshop with Massimo Banzi (co-founder of Arduino) and Adam Somlai-Fisher (co-founder of Prezi) on physical computing.

ACADEMIC ACTIVITIES

Transform the Future Built Environment PhD Summer School Aug 2014
TU Delft / Rotterdam (EIT Climate-KIC project)
Coached design teams in innovative prototyping and designerly methods for sustainable facade development.

Urban Interaction Design Summer School Aug 2013
University of Split, Croatia (FP7 academic research project)
Participated in exploring the future of urban interaction design through *critical design* and *design fiction* projects.

Student Interaction Design Research Conference Feb 2013, Feb 2012
Aarhus University, Denmark and Chalmers University, Sweden
Presented a poster in 2013, and member of the organising team in 2012.

EDUCATION

MSc in Designing for Interaction Nov 2012
TU Delft (exchange semester) – Jun 2013

Master's graduation project.
Thesis: "Designer strategies for evoking reflection"

MSc in Interaction Design Aug 2011
Chalmers University of Technology – Aug 2013
GPA: 4.64 / 5.0

BSc in Industrial Management Sep 2006
Budapest University of Technology and Economics – Jan 2011
Specialisation: **Product Management**
Thesis: "Game development on multi-touch interface"

SKILLS

Design methods
Qualitative participatory methods (facilitated workshops, interviewing, probes, ethnography), data analysis, ideation techniques, prototyping (paper, hi/lo-fi, electronics, video, web, mockups), scenarios, user flows, storytelling, questionnaires, usability testing

Design tools
PROFICIENT Sketch, Photoshop, Illustrator, InDesign, Omnigraffle
MEDIUM After Effects, Premiere Pro, Balsamiq Mockups, Axure
BASICS Flash, SolidWorks, 3D Studio Max, SketchUp

Development
PROFICIENT HTML5 & CSS3 (SASS), Bootstrap
MEDIUM Arduino, Processing, Puredata, Javascript, Git
BASICS Ruby on Rails, Max/MSP, Java

INTERESTS

Novel interfaces Ideation techniques
Experience design Personality Types
Visualization Business design

LANGUAGES

HUNGARIAN Native language
ENGLISH Proficient
DUTCH Basic (A2, learning)

HOBBIES

MUSIC Drums, guitar, piano
SPORTS Kettlebell, cycling
VARIA Beerbrewing
